

## A Shattered Nervous System.

FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nervine.

MR. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Brainerd, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

## REPLY TO SPAIN

Being Earnestly Considered by the President and Cabinet.

## A SERIOUS PROBLEM

Is What Disposition Shall Be Made of the Philippines.

## ANOTHER MEETING TODAY

When the Question Will Be Settled.

One Point Decided Is That Spanish Authority Must Cease In The Caribbean and Indian Waters—General Miles Reports the Capture of the City of Ponce, One Hundred and Sixtieth Indiana Due at Newport News Today—Moore Troops Sent to the Philippines—Porto Rican Army Will Soon Have Telegraphic Communications With the War Department—General Woods at Santiago de Cuba.

Washington, July 30.—Nearly five hours earnest discussion by the president and his constitutional advisers yesterday of the nature of the response to be made by the government to the Spanish overture for peace, brought no conclusion and the subject necessarily was postponed for further consideration at another meeting of the cabinet to be held today. Such was the formal statement of the situation made at the conclusion of the day's work by each member of the cabinet who was questioned upon the subject. The point under discussion during the greater part of the meeting was the disposition of the Philippines. On the other issues unanimity developed. There was to be independence demanded for Cuba, Porto Rico was to be ceded to the United States, coaling stations were to be acquired at Guam in the Ladrone islands and one in the Caroline islands. These propositions were disposed of quickly, but when it came to the Philippines some diversity of opinion was revealed. As near as can be gathered this did not relate mainly to the retention of the islands, on that proposition a majority of the cabinet was speedily recorded in the negative. But accepting the broad proposition that Spain was to be allowed to keep these possessions, other questions of importance developed and it was felt that these must be answered definitely before the subject could be disposed of.

The perplexing problem was what form of government should be instituted in the Philippines, and what should be the nature of the guarantee required of Spain that the new government should be liberal and autonomous in character. These two questions hinged on the primary decision to interfere at all in prescribing a change in

Many a husband imagines that his wife is happy, healthy and strong, when she is really enduring in silence the most unbearable tortures. She meets him at the door on his return from work or business with a smile and a kiss. To be sure, she looks a little white and pallid, but she is vivacious and cheerful in his presence, and he does not realize that anything is wrong. If he had but come home during the middle of the day, he would have found, instead of the cheerful wife, a weak, sickly, nervous invalid, with headache, pains in the back, "stitches" in the side, burning and dragging down sensations and utter despondency and melancholy.

In almost every case of this kind the woman is really suffering from weakness and disease of the distinctly feminine origin. Frequently she does not realize her own condition. If she does, she sighs from undergoing the "examinations" and "local treatments" insisted upon by the average physician. Dr. Pierce's Favorite Prescription is the medicine needed by women who suffer in this way. It acts directly on the sensitive organs concerned and makes them strong, healthy and vigorous. It takes inflammation, local ulceration, soothes pain and tones and builds up the shattered nerves. It transforms weak, sickly, nervous, despondent invalids into happy, healthy wives and competent mothers. It fits for wifehood and motherhood. It makes "examinations" unnecessary. Honest dealers do not suggest substitutes for a little added profit to be realized thereon.

"I had suffered untold misery for years with ovarian trouble, an exhausting drain, constipation, painful periods and all other annoying troubles," writes Mrs. Annie James of No. 27 Seventh Street, Memphis, Shelby Co., Tenn. "Thank God, my health has been fully restored and I can gladly say I am a well woman today. I used six bottles of Dr. Pierce's Favorite Prescription and was completely cured."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

the conditions in the Philippines. Some members of the cabinet felt that the insurgents under Aguinaldo, having acted independently of the United States from the very beginning of the insurrectionary movement and having lately shown a disposition to make trouble for us, had no moral claim upon the United States in the settlement of the terms of peace. On the other hand it was urged that our government should lose no opportunity to extend its principles throughout the world and that this would be done best in the present case by requiring Spain to extend genuine autonomy to the Philippines. It was upon just such points as this that the discussion proceeded all day.

Points Settled. A point which was quickly established was that there should be no reference of any phase of the question of the disposition of the islands to any concert or individual action by outside powers. Another point that was settled, though there was no formal action in it, was that no protest against the continuance of military or naval operations pending the peace negotiations would avail in the slightest, that there would be no armistice, no suspension of operations nor any modification whatever of present plans, until the Spanish government had agreed to the terms proposed. Incident to the cession of Porto Rico and the recognition of Cuban independence by Spain was the decision that every vestige of Spanish government and authority in the Caribbean and West Indian waters must be removed, effecting a material acquisition of numerous islands over which the Spanish flag flies, one of the most important of which is the Isle of Pines.

Furthermore, this sweeping change of authority from Spain to the United States in our near by waters is to be effective also as a quit claim of all its indebtedness assumed by the Spanish government and charged by her to those islands, so far as the United States is concerned, and all commercial treaties now existing between the Spanish government and her possessions there and outside powers are extinguished.

## OFFICERS PATROL

Action Taken By General Wood at Santiago de Cuba.

Santiago de Cuba, July 30.—General Wood, the military governor issued an order establishing an officer's patrol for the city. The first detail will make the rounds at 6 o'clock in the evening and the next at 10.

Any officer found in the city without a written permit from General Wood will be requested to report to headquarters. If he refuses, the patrol is to take him there forcibly.

General Wood, it is understood, has taken this precautionary measure owing to the fact that a Spanish cavalry officer made himself very objectionable at a club here, insulting, while in liquor, several American officers.

None of the Americans paid any attention to him, but later the Spaniard got into trouble with some American soldiers on duty and was locked up in the guard house for 48 hours. General Wood will report the case to General Tola, saying that he does so because he would wish a report made to him by General Tola if any American officer were guilty of similar offense.

## ANXIOUSLY WAITING.

Troops In Camp Thomas Still Hoping to Meet the Enemy.

Chickamauga, July 30.—The regiments at Camp Thomas are anxiously waiting to know which of them are next to be favored with orders to proceed to the front. There is still hope that the First corps will go out in its entirety, but this is mixed with serious doubts in the minds of the volunteers who seem to think that peace will come too soon to be to their liking. There is not a command here that is not anxious to see actual service and those who have visited the regiments daily can fully appreciate the disappointment that would prevail should hostilities cease, leaving the soldiers here to be sent home without having gone to meet the enemy.

The coming week will witness the return of the government paymasters to Camp Thomas. Major Almy, adjutant general on the staff of General Wade, said last evening that the work of paying the troops for the month of July would be in progress within a week or 10 days. The money to be paid out will aggregate something over \$1,000,000.

## MILES HEARD FROM.

Notifies the Department of the Capture of Ponce, Porto Rico.

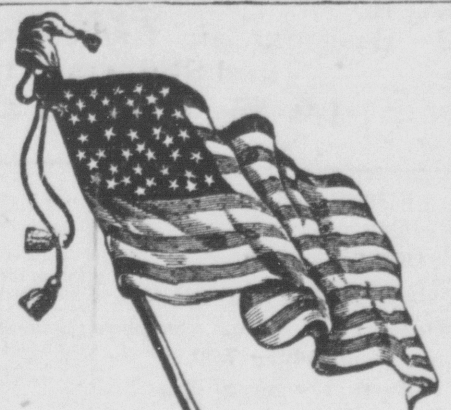

Washington, July 30.—The most important news received at the war department yesterday was the cable from General Miles announcing the excellent progress being made in southern Porto Rico and the capture of Ponce. The navy department also received a cable announcing that the navy had captured the city of Ponce and landed the forces under General Miles. Both departments are very much satisfied with what has been accomplished and the tone of both dispatches indicates that the rivalry between the army and navy for honors in the Spanish war is not at an end.

The department expects an easy conquest of Porto Rico, and notwithstanding the overtures for peace made by Spain the war will be prosecuted vigorously in that island.

## THE ST. PAUL SAILS.

One Hundred and Sixtieth Indiana Expected at Newport News Today.

Newport News, Va., July 30.—The auxiliary cruiser St. Paul, the last of the transports of the first Porto Rican expedition from this point, did not get away until yesterday, having been detained in order to receive her full supply of stores.

All of the troops for the second expedition, in command of General Fred Grant, have arrived in the city except the One Hundred and Sixtieth Indiana, which is due here today. Yesterday the First, Second and Third battalions of the Third Kentucky (Colonel Smith) came in from Chickamauga. These troops, together with Batteries A and C and two troops of cavalry, will sail for Porto Rico on Tuesday. The transports in these waters are the Manitoba, Rio Grand, Concho and Hudson.

## More Troops For the Philippines.

San Francisco, July 30.—The Third battalion, First South Dakota volunteers and the Minnesota and Colorado recruits sailed yesterday to join their comrades in the Philippines. A fleet of tugs, steamers and launches gathered about the St. Paul and acted as an escort and on shore the wharves were lined with people who waved farewell to the departing troops.

## Inspected by Alger.

Washington, July 30.—The entire Second army corps was reviewed by the secretary of war today. The Camp Alger troops showed a great improvement in appearance over the last inspection. Two deaths and 15 new cases of typhoid were reported yesterday, of which some are defined and others unnamed.

## Seeking Pardon For a Murderer.

Frankfort Ky., July 30.—Application was made to the governor for the pardon of Joseph Adkins, who was sent up for life for killing Judge Combs of Perry county. Colonel W. C. P. Breckinridge made a statement to the governor for Adkins, and those who wish to remonstrate against the pardon will be heard Aug. 20. A strong remonstrance will be filed.

## Ban of the Turf Congress Removed.

Louisville, July 30.—The ban of the turf congress placed upon E. T. McConnell in 1896 was removed yesterday by the decision of Messrs. Rees and Price, the Oakley judges, who held that McConnell had suffered enough for his connection with a bad race by the mare Linnette in that year.

## MRS. MAYBRICK.

Her Case Called to Attention of the Government in Parliament.

London, July 30.—In the house of commons yesterday during the debate on the home office vote Mr. Michael Davitt, member for South Mayo, broached the question of the imprisonment of Mrs. Florence Maybrick and represented that she was in ill health.

Mr. Davitt said in the course of his remarks, that to "release this American woman would be a small step in the direction of establishing good feeling between England and the United States."

Sir Mathew White Ridley, home secretary, replied that he thought the reports of ill health were exaggerated, but he promised to make inquiries.

## YANKEE SUPERIORITY

In Military Operation Is Recognized by Spanish Government.

## DID NOT ASK AN ARMISTICE

That Would Be Tantamount to Beseeching the Enemy.

## A TALK BY GAMAZO

Peace Negotiations Will Not Be Smooth Nor Expeditions—Signs of Agitation Against Concessions—M. Cambron's Functions—How the Delivery of the Spanish Message Came to Be Delayed In Delivery to the United States Government—Britain's Weekly Press Reviews of the American-Spanish War.

London, July 30.—The Madrid correspondent of The Times says that according to a newspaper statement, Senor Gamazo, the Spanish minister of public instruction and public works said in the course of an interview at Madrid: "Spain has not asked an armistice or even a suspension of hostilities. That would be tantamount to beseeching the enemy not to strike us. We shall never come to that."

"The message to the United States, while recognizing the superiority of the Yankee forces and their military operations, is confined to terms so dignified that when the document is published, no one will be able to say it is humiliating. It asks whether the United States is disposed to make peace but requests neither truces nor armistices." Senor Gamazo added: "If Mantia surrenders the capitulation will only apply to the walled town."

It is feared, the correspondent reports, that the peace negotiations will not be very smooth or expeditious. Already there are premonitory signs of agitation against the evitable concessions, and the correspondent considers it "very doubtful whether all the ministers have the moral courage to accept the responsibility and the face boldly a certain amount of unpopularity."

## M. Cambron's Function.

The same correspondent explains that the function of M. Cambron, the French ambassador at Washington, in Spain's approach to the United States was "merely that of a transmitting agency" and proceeds: "The message was dispatched from Madrid Thursday night. The delay in its delivery at Washington arose from the fact that when Senor Polo de Bernabe, the Spanish minister to the United States, retired on the breaking off of diplomatic relations and confided the interests of Spain to France and Austria, he left only a single copy of the diplomatic cipher."

"When M. Cambron received the peace message this cipher happened to be in the possession of his Austrian colleague, who was out of town. The idea is current here that but for this delay the Porto Rico expedition might have been indefinitely deferred. This will not, however, stand the test of careful examination."

## BRITAIN'S WEEKLY PRESS.

Views Expressed on Present Conditions of the War.

London, July 30.—The weekly papers credit the United States with a desire to deal generously with Spain. The Saturday Review says: "We are convinced that America will not play the part of shlylock; but, now that she has learned to appreciate the bravery and fighting qualities of the Spaniards, as well as the worthlessness of the Cuban rebels, she will make obvious atonement for the precipitancy with which she entered upon the war by dealing generously with her opponents."

The Spectator takes a line quite unusual in the English press, most strongly urging the United States to assume direct control of both Cuba and the Philippines. It implies the Washington government "rather to break an injudicious pledge to congress than to allow Cuba and the Philippines to be independent or to return to the cruel Spanish dominion."

"Since it is equally inadmissible," says The Spectator, "to grant independence or to transfer the Philippines to any other power, it is best that the United States should assume the heavy responsibility involved, which will serve to bring out the best qualities of the American nation. England does not desire the Philippines; and, if she did, would not take them, because she wishes to prove that her sympathy for the United States is quite disinterested."

## Shafter's Transports.

Washington, July 30.—General Shafter was heard from yesterday afternoon in a message relating to the transports in Santiago which are wanted to carry additional forces to Porto Rico. He reported that they were being unloaded as fast as possible and that the Unadun, Allegany, Conal and San Marcos had sailed for Tampa, while the Segurana, Miami and Matawa were to sail immediately. The department wants at least three of these boats at once at Tampa to load on the artillery and cavalry of C. O. Canizer's division.

## FURLOUGH ORDERS.

They Are of Importance to the Sick and Wounded Troops.

Washington, July 30.—Two orders have been issued by the war department which are of importance to the sick and wounded troops and their friends. One authorizes men who have been furloughed from hospitals to report to the nearest government post, instead of being compelled to report to the hospital from which they were furloughed. This will allow the soldiers to be transported from the nearest post to their regiments at the expense of the government. Before this order was issued a soldier on furlough from a hospital could not go home without being compelled to pay his fare back to the hospital point. This will apply to men from the regular army, as well as to volunteers.

Another order allows a man furloughed, who has not been paid on account of his regiment being away in Cuba, to go to the nearest quartermaster and obtain from him transportation to his home, the cost will be charged against him through the pay department of the army. Many wounded soldiers from Cuba have been unable to get pay on account of the absence of their regiments and when their furlough was obtained could not go home because they had no money.

## GRATIFIED.

Administration Officials Pleased Over Miles' Work.

Washington, July 30.—The results thus far achieved by General Miles and Captain Higginson, in command of the naval squadron, in Porto Rico have created a feeling of intense satisfaction among officials of the administration. Information received from General Miles indicates "that Miles is cleaning up everything as he goes."

The surrender of Ponce, practically without a struggle, is regarded by the war officials with especial satisfaction. In importance, it is the second city of the island.

It is expected that the Spanish forces will offer no vigorous opposition to the United States troops until San Juan is reached. There the great battle in the capture of the island will be fought unless meantime Spain should conclude to yield to the inevitable.

## PANICKY FEELING.

Santiago Business Men Fear the City Will Be Turned Over to Cubans.

Santiago de Cuba, July 30.—A panicky feeling prevails in business circles here owing to a fear that the Americans will turn the city over to the Cubans for self government. No confidence exists owing to the uncertainty of the future. Orders that were given during the first days of the American occupation have been countermanded by cable. European merchandise on through bills of lading via New York has been ordered unshipped and sold in New York even at a sacrifice.

## Declined to Talk.

Washington, July 30.—The cabinet members after the meeting declined to say anything regarding their session except they have almost reached substantial agreement, and the matter will be laid before the members for further consideration and approval.

## Notice to Don Carlos.

Berne, July 30.—The federal council of Switzerland, according to the assertion of several newspapers, has intimated to Don Carlos, the Spanish pretender, now at Lucerne, that he must leave the country in case he starts an agitation in Spain.

## PEACE IS DECLARED

Between the Baker and Howard Factories.

Pineville, Ky., July 30.—Reports have been received from Clay county to the effect that peace has been restored between the Baker and Howard factories, and that the mountain war, which has cost so many lives, is at an end. For some time peace-makers have been at work, and as a result both factions have practically agreed to end hostilities. The families of Howard, Baker, White and Garrard will thus become friends.

## LEWIS WARNER.

The Defaulting Banker Taken to Northampton.

Louisville, July 30.—Lewis Warner, the defaulting banker, left here yesterday afternoon for Northampton, Mass., in charge of Sheriff Clarke and Chief of Police Maynard of that place. A draft for \$1,000 was handed Chief of Detectives Sullivan when the officers took Warner in charge. The money is paid as a reward by the officials of the bank.

## Record Breaking.

Cleveland, July 30.—Record breaking marked the close of the banner grand circuit meeting, as record clipping had signaled the opening. Yesterday afternoon the world's record to wagon was broken twice, first by Kentucky Union, who went under the mark established by the Village Farm stallion The Abbot 1 1/2 seconds, and by Grace Hastings, who lowered the mark to 2:30 1/2, which is a second below even the unrecognized clip of Elloroe.

Any officer found in the city without a written permit from General Wood will be requested to report to headquarters. If he refuses, the patrol is to take him there forcibly.

General Wood, it is understood, has taken this precautionary measure owing to the fact that a Spanish cavalry officer made himself very objectionable at a club here, insulting, while in liquor, several American officers.

None of the Americans paid any attention to him, but later the Spaniard got into trouble with some American soldiers on duty and was locked up in the guard house for 48 hours. General Wood will report the case to General Tonal, saying that he does so because he would wish a report made to him by General Tonal if any American officer were guilty of similar offense.

## ANXIOUSLY WAITING.

Troops In Camp Thomas Still Hoping to Meet the Enemy.

Chickamauga, July 30.—The regiments at Camp Thomas are anxiously waiting to know which of them are next to be favored with orders to proceed to the front. There is still hope that the First corps will go out in its entirety, but this is mixed with serious doubts in the minds of the volunteers who seem to think that peace will come too soon to be to their liking. There is not a command here that is not anxious to see actual service and those who have visited the regiments daily can fully appreciate the disappointment that would prevail should hostilities cease, leaving the soldiers here to be sent home without having gone to meet the enemy.

## MILES HEARD FROM.

Notifies the Department of the Capture of Ponce, Porto Rico.

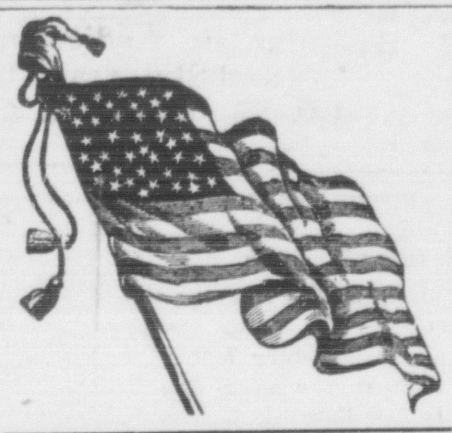

Washington, July 30.—The most important news received at the war department yesterday was the cable from General Miles announcing the excellent progress being made in southern Porto Rico and the capture of Ponce. The navy department also received a cable announcing that the navy had captured the city of Ponce and landed the forces under General Miles. Both departments are very much satisfied with what has been accomplished and the tone of both dispatches indicates that the rivalry between the army and navy for honors in the Spanish war is not at an end.

The department expects an easy conquest of Porto Rico, and notwithstanding the overtures for peace made by Spain the war will be prosecuted vigorously in that island.

## THE ST. PAUL SAILS.

One Hundred and Sixtieth Indiana Expected at Newport News Today.

Newport News, Va., July 30.—The auxiliary cruiser St. Paul, the last of the transports of the first Porto Rican expedition from this point, did not get away until yesterday, having been detained in order to receive her full supply of stores.

## YANKEE SUPERIORITY

In Military Operation Is Recognized by Spanish Government.

## DID NOT ASK AN ARMISTICE

That Would Be Tantamount to Beseeching the Enemy.

## A TALK BY GAMAZO

Peace Negotiations Will Not Be Smooth Nor Expeditions—Signs of Agitation Against Concessions—M. Cambon's Functions—How the Delivery of the Spanish Message Came to Be Delayed In Delivery to the United States Government—Britain's Weekly Press Reviews of the American-Spanish War.

London, July 30.—The Madrid correspondent of The Times says that according to a newspaper statement, Senor Gamazo, the Spanish minister of public instruction and public works said in the course of an interview at Madrid: "Spain has not asked an armistice or even a suspension of hostilities. That would be tantamount to beseeching the enemy not to strike us. We shall never come to that."

"The message to the United States, while recognizing the superiority of the Yankee forces and their military operations, is confined to terms so dignified that when the document is published, no one will be able to say it is humiliating. It asks whether the United States is disposed to make peace but requests neither truces nor armistices." Senor Gamazo added: "If Manila surrenders the capitulation will only apply to the walled town."

It is feared, the correspondent reports, that the peace negotiations will not be very smooth or expeditious. Already there are premonitory signs of agitation against the inevitable concessions, and the correspondent considers it "very doubtful whether all the ministers have the moral courage to accept the responsibility and the face boldly a certain amount of unpopularity."

## M. Cambon's Function.

The same correspondent explains that the function of M. Cambon, the French ambassador at Washington, in Spain's approach to the United States was "merely that of a transmitting agency" and proceeds: "The message was dispatched from Madrid Thursday night. The delay in its delivery at Washington arose from the fact that when Senor Polo de Bernabe, the Spanish minister to the United States, retired on the breaking off of diplomatic relations and confided the interests of Spain to France and Austria, he left only a single copy of the diplomatic cipher. "When M. Cambon received the peace message this cipher happened to be in the possession of his Austrian colleague, who was out of town. The idea is current here that but for this delay the Porto Rican expedition might have been definitely deferred. This will not, however, stand the test of careful examination."

## BRITAIN'S WEEKLY PRESS.

Views Expressed on Present Conditions of the War.

London, July 30.—The weekly papers credit the United States with a desire to deal generously with Spain. The Saturday Review says: "We are convinced that America will not play the part of shyleck; but, now that she has learned to appreciate the bravery and fighting qualities of the Spaniards, as well as the worthlessness of the Cuban rebels, she will make obvious atonement for the precipitancy with which she entered upon the war by dealing generously with her opponents."

The Spectator takes a line quite unusual in the English press, most strongly urging the United States to assume direct control of both Cuba and the Philippines. It implies the Washington government "rather to break an injudicious pledge to congress than to allow Cuba and the Philippines to be independent or to return to the cruel Spanish domination."

"Since it is equally inadmissible," says The Spectator, "to grant independence or to transfer the Philippines to any other power, it is best that the United States should assume the heavy responsibility involved, which will serve to bring out the best qualities of the American nation. England does not desire the Philippines; and, if she did, would not take them, because she wishes to prove that her sympathy for the United States is quite disinterested."

## Shafter's Transports.

Washington, July 30.—General Shafter was heard from yesterday afternoon in a message relating to the transports in Santiago which are wanted to carry additional forces to Porto Rico. He reported that they were being unloaded as fast as possible and that the Yucatan, Allego, Conal and San Marcos had sailed for Tampa, while the Segurana, Miami and Matawra were to sail immediately. The department wants at least three of these boats at once at Tampa to load on the artillery and cavalry of C. Bolander's division.

## FURLOUGH ORDERS.

They Are of Importance to the Sick and Wounded Troops.

Washington, July 30.—Two orders have been issued by the war department which are of importance to the sick and wounded troops and their friends. One authorizes men who have been furloughed from hospitals to report to the nearest government post, instead of being compelled to report to the hospital from which they were furloughed. This will allow the soldiers to be transported from the nearest post to their regiments at the expense of the government. Before this order was issued a soldier on furlough from a hospital could not go home without being compelled to pay his fare back to the hospital point. This will apply to men from the regular army, as well as to volunteers.

Another order allows a man furloughed, who has not been paid on account of his regiment being away in Cuba, to go to the nearest quartermaster and obtain from him transportation to his home, the cost will be charged against him through the pay department of the army. Many wounded soldiers from Cuba have been unable to get pay on account of the absence of their regiments and when their furlough was obtained could not go home because they had no money.

## GRATIFIED.

Administration Officials Pleased Over Miles' Work.

Washington, July 30.—The results thus far achieved by General Miles and Captain Higginson, in command of the naval squadron, in Porto Rico have created a feeling of intense satisfaction among officials of the administration. Information received from General Miles indicates "that Miles is cleaning up everything as he goes."

The surrender of Ponce, practically without a struggle, is regarded by the war officials with especial satisfaction. In importance, it is the second city of the island.

It is expected that the Spanish forces will offer no vigorous opposition to the United States troops until San Juan is reached. There the great battle in the capture of the island will be fought unless meantime Spain should conclude to yield to the inevitable.

## PANICKY FEELING.

Santiago Business Men Fear the City Will Be Turned Over to Cubans.

Santiago de Cuba, July 30.—A panicky feeling prevails in business circles here owing to a fear that the Americans will turn the city over to the Cubans for self government. No confidence exists owing to the uncertainty of the future. Orders that were given during the first days of the American occupation have been countermanded by cable. European merchandise on through bills of lading via New York has been ordered not to be shipped and sold in New York even at a sacrifice.

## Declined to Talk.

Washington, July 30.—The cabinet members after the meeting declined to say anything regarding their session except they have almost reached substantial agreement, and the matter will be laid before the members for further consideration and approval.

## Ordered to Join Camara's Squadron.

Gibraltar, July 30.—The Spanish cruiser Lepanto, now at Cartagena, has been ordered to join Camara's squadron, which has been at Cadiz since Wednesday. The cruiser Alfonso XIII is quite unfit for sea. She requires quite extensive alterations.

## Notice to Don Carlos.

Berne, July 30.—The federal council of Switzerland, according to the assertion of several newspapers, has intimated to Don Carlos, the Spanish pretender, now at Lucerne, that he must leave the country in case he starts an agitation in Spain.

## PEACE IS DECLARED

Between the Baker and Howard Factions.

Pineville, Ky., July 30.—Reports have been received from Clay county to the effect that peace has been restored between the Baker and Howard factions, and that the mountain war, which has cost so many lives, is at an end. For some time peace-makers have been at work, and as a result both factions have practically agreed to end hostilities. The families of Howard, Baker, White and Garrard will thus become friends.

## LEWIS WARNER.

The Defaulting Banker Taken to Northampton.

Louisville, July 30.—Lewis Warner, the defaulting banker, left here yesterday afternoon for Northampton, Mass., in charge of Sheriff Clarke and Chief of Police Maynard of that place. A draft for \$1,000 was handed Chief of Detectives Sullivan when the officers took Warner in charge. The money is paid as a reward by the officials of the banks.

## Record Breaking.

Cleveland, July 30.—Record breaking marked the close of the banner grand circuit meeting, as record clipping had signaled the opening. Yesterday afternoon the world's record to wagon was broken twice, first by Kentucky Union, who went under the mark established by the Village Farm station The Abbot 1 1/2 seconds, and by Grace Hastings, who lowered the mark to 2:39 1/2, which is a second below even the unrecorded clip of Elloroe.

## Woman's "Board of Missions Convention."

Salphus, Ky., July 30.—The convention of the Christian Women's Board of Missions is now in session at the Christian church in this city. Three hundred delegates are attending.

## BRADSTREET.

Peace Prospects Give a More Hopeful Tinge to Trade Outlook.

New York, July 30.—Bradstreet today says: "While as yet showing little actual effect upon distributive trade, there is evidence that the improved prospects for peace, with probable wider markets for American products, have given a more hopeful tinge to the trade outlook, more particularly at the east. This is reflected in active preparations by shippers and coasting trade interests to share in the expected widening of demand from the West Indies. As for some time past, however, reports of solid business returns come mainly from the western part of the country, and in the markets of that section are reported signs of the ground swell of fall demand."

Signs of cumulative improvement come from the iron and steel industry, more particularly from west of the Alleghenies, where slight advances in prices accompanying a good volume of domestic and export business are reported. Expected activity in ship building is reflected in the demand for plates at eastern points. A rather better tone is found in the anthracite coal trade, in which, as the result of another one of those numerous "gentlemen's agreements," prices have been advanced at the west from previously low cut rates. The situation in cereals is hardly as satisfactory as could be wished, cash prices being lower for the week in the face of probably record-breaking small world supplies on Aug. 1 and good exports from this country, while futures are less depressed, but exhibit the pressure of expected liberal supplies at home and heavier orders abroad.

## BY TONIGHT.

General Miles Will Be In Telegraphic Communication With Washington.

Washington, July 30.—General Greely has received information from Colonel Allen of his corps, that arrangements have been made to re-open the telegraph office at Ponce, which was closed last Monday by the Spaniards. Colonel Allen left St. Thomas last night with operators and instruments and it is expected that by tonight General Miles will be in telegraphic communication with the war department.

#### Republican State Convention.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

#### RAILROAD RATES.

Arrangements have been made with all railroads in Indiana for a special rate of one fare for the round trip to Indianapolis from all parts of the state for sale Aug. 2 and 3rd good, returning including Aug. 5th.

Republicans are already gathering at Indianapolis for the big convention next week.

PRESIDENT MCKINLEY is proving equal to every duty he is called upon to perform. The people have faith in his wisdom and do not hesitate to so express themselves.

While base ball has been entirely secondary to the war during the season it can do no harm to say that the Indianapolis club is playing mighty good ball and in a fair way to carry off the pennant again this year.

The railroads running into Indianapolis give special rates next week on account of the republican state convention.

As to the terms of peace the people of the United States are willing to trust President McKinley and his advisors. The successful management of the war thus far is evidence that it will be brought to a successful termination.

THERE are yet a few property holders in Seymour who have so far neglected to put their premises in good sanitary condition. Every day's delay at this season of year means more danger to themselves and their neighbors. Therefore they should see to it that their properties are at once put in a clean and healthful condition.

In his speech at Columbus Thursday Congressman Griffith should have given an explanation of his vote on the Hawaiian annexation as there is a difference of opinion about it among his democratic brethren in the Fourth district. Some of them claim it was a republican vote and others say not. Even the Columbus Herald and Democrat, both democratic organs, can not come to an agreement on that vote.

#### RAILROAD RUMBLINGS

Bushrod Taylor, Superintendent of the Louisville division of the Pennsylvania lines, claims that, after deducting stops, running slow over the bridge and through Jeffersonville, Train 5, from Louisville to Indianapolis, is the fastest train running on any Indiana road.

#### Teachers' Institute.

Jackson County Teachers' Institute will be held at Brownstown next week. Prof. E. B. Bryan, one of the very best institute instructors in the state, will do work that no teacher in the county can afford to miss. There are no better institute workers than Prof. Ryan.

#### "Fighting Amos."

The last issue of the Waverly Magazine, published at Boston, contains an interesting story entitled "Fighting Amos," written by our genial fellow townsman, Alpha Cox. The story is one of real merit and entitles Mr. Cox to rank high as a story writer.

#### COURT NOTES.

Ben Able, Charles Tucker, Theodore, Ed. and Carg Manning were arraigned in Judge Hoover's court today on the charge of petit larceny. They were held to the county court and taken to the county jail this afternoon in default of bond.

Mrs. F. E. Scott, of Galveston, Texas, Mrs. Dr. Perkins and Miss Bonnie Fields of Houston, Texas, came here last evening to spend the summer with Mrs. W. W. Tabb, sister of the former and other relatives and friends.

#### Care Should be Exercised.

The secretary of the state board of health says that physicians' reports show a prevalence of cholera, infantum, diarrhoea, dysentery, etc., in this part of the state. He makes some recommendations that all the people might be profited by knowing. Much of the sickness prevalent at this season of the year is preventable if only the proper precautions are taken. People are too often careless with themselves and their children and frequently show a careless disposition about the conditions surrounding them.

Mrs. John A. Ross came home from Vernon.

Mrs. D. M. Farway of Marion went to Honeytown to see friends.

Misses Grace and Joy Brown went today to Columbus to visit their grandpa, Horace Brown.

Mrs. Lillie Kovert, who resides with Mrs. Henry Fessler is the guest of Crothersville relatives.

Mrs. Jesse Nichols, Mrs. Mollie Benford, Miss Mary Shelton and Charles Nowling went to Indianapolis to attend campmeeting.

George and David Squires of Muncie came here to see their sister Mrs. V. S. Monroe who is dangerously sick with peritonitis.

A pleasant party was last night given at the home of Mrs. A. W. Donaldson in honor of Bert Harris, of Indianapolis. Refreshments served and music was part of the exercises.

#### Republican State Convention.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

#### RAILROAD RATES.

Arrangements have been made with all railroads in Indiana for a special rates of one fare for the round trip to Indianapolis from all parts of the state for sale Aug. 2 and 3rd good returning including Aug. 5th.

REPUBLICANS are already gathering at Indianapolis for the big convention next week.

PRESIDENT McKINLEY is proving equal to every duty he is called upon to perform. The people have faith in his wisdom and do not hesitate to express themselves.

WHILE base ball has been entirely secondary to the war during the season it can do no harm to say that the Indianapolis club is playing mighty good ball and in a fair way to carry off the pennant again this year.

The railroads running into Indianapolis give special rates next week on account of the republican state convention.

As to the terms of peace the people of the United States are willing to trust President McKinley and his advisors. The successful management of the war thus far is evidence that it will be brought to a successful termination.

THERE are yet a few property holders in Seymour who have so far neglected to put their premises in good sanitary condition. Every day's delay at this season of year means more danger to themselves and their neighbors. Therefore they should see to it that their properties are at once put in a clean and healthful condition.

In his speech at Columbus Thursday Congressman Griffith should have given an explanation of his vote on the Hawaiian annexation as there is a difference of opinion about it among his democratic brethren in the Fourth district. Some of them claim it was a republican vote and others say not. Even the Columbus Herald and Democrat, both democratic organs, can not come to an agreement on that vote.

#### RAILROAD RUMBLINGS

Bushrod Taylor, Superintendent of the Louisville division of the Pennsylvania lines, claims that, after deducting stops, running slow over the bridge and through Jeffersonville, Train 5, from Louisville to Indianapolis, is the fastest train running on any Indiana road.

#### Teachers' Institute.

Jackson County Teachers' Institute will be held at Brownstown next week. Prof. E. B. Bryan, one of the very best institute instructors in the state, will do work that no teacher in the county can afford to miss. There are no better institute workers than Prof. Ryan.

#### "Fighting Amos."

The last issue of the Waverly Magazine, published at Boston, contains an interesting story entitled "Fighting Amos," written by our genial fellow townsman, Alpha Cox. The story is one of real merit and entitles Mr. Cox to rank high as a story writer.

#### COURT NOTES.

Ben Able, Charles Tucker, Theodore, Ed. and Curg Manning were arraigned in Judge Hoover's court today on the charge of petit larceny. They were held to the county court and taken to the county jail this afternoon in default of bond.

Mrs. F. E. Scott, of Galveston, Texas, Mrs. Dr. Perkins and Miss Bonnie Fields of Houston, Texas, came here last evening to spend the summer with Mrs. W. W. Tabb, sister of the former and other relatives and friends.

#### Care Should be Exercised.

The secretary of the state board of health says that physicians' reports show a prevalence of cholera, infantum, diarrhoea, dysentery, etc., in this part of the state. He makes some recommendations that all the people might be profited by knowing. Much of the sickness prevalent at this season of the year is preventable if only the proper precautions are taken. People are too often careless with themselves and their children and frequently show a careless disposition about the conditions surrounding them.

Mrs. John A. Ross came home from Vernon.

Mrs. D. M. Farney of Marion went to Hometown to see friends.

Misses Grace and Joy Brown went today to Columbus to visit their grandparents, Horace Brown.

Mrs. Lillie Kovert, who resides with Mrs. Henry Fessler is the guest of Crothersville relatives.

Allen 13 year old son of John Q. Foster, of Newry, is suffering great pain from running a nail in his foot Thursday.

Mrs. Jesse Nichols, Mrs. Mollie Benford, Miss Mary Shelton and Charles Nowling went to Indianapolis to attend campmeeting.

George and David Squires of Muncie came here to see their sister Mrs. V. S. Monroe who is dangerously sick with peritonitis.

A pleasant party was last night given at the home of Mrs. A. W. Donaldson in honor of Bert Harris, of Indianapolis. Refreshments served and music was part of the exercises.

Last evening Jerry Anderson purchased of Harve Roland a big lot of fine oak timber near Marling.

The funeral of the late W. P. Huffman was largely attended last evening by the Odd Fellows and railroad men. The remains were placed in the vault.

A heavy rain storm with thunder and keen lightning passed over the city this morning. The ground is wet and the farmers can brake for wheat.

If you want knowledge, you must toil for it; if food you must toil for it, and if pleasure, you must toil for it. Toil is the law. Pleasure comes through toil and not by self-indulgence and indolence. When one gets to love his work he is a happy one.

TERMS OF PEACE.

MUST RELINQUISH CLAIMS TO  
WESTERN HEMISPHERE  
POSSESSIONS.

Other Concessions That Spain is  
Asked to Make.—The Philip-  
pines the Difficult Prob-  
lem.—Other Condi-  
tions Agreed  
Upon.

Spain will have the answer of the  
United States to-day. The Cabinet  
meets again this morning to give fur-  
ther consideration to a few points, but  
the important features have been agree-  
ed upon, and the reply to Spain's com-  
munication will be handed to the  
French Ambassador to-day.

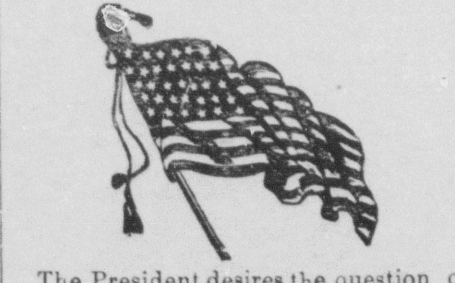

The only question that gave trouble  
to the President and his advisers was  
as to the Philippines. The concession  
reached is that Spain may keep the  
islands, but must cede to the United  
States a coaling station and probably a  
port, and must agree to leave the ques-  
tion of the further government open for  
further negotiations. As for the other  
terms—Cuba and Porto Rico must be  
given up and also Guam island in the  
Ladrones, and perhaps a coaling sta-  
tion in the Canaries.

Spain must also give up all smaller  
islands in the West Indies such as the  
Isle of Pines, near Cuba.

If Spain agrees to these terms, an arm-  
istice will be declared while a treaty  
of peace is perfected. Until she does  
agree to them, the military operations  
of the United States will be pushed  
with vigor, and if Spain is too long  
agreeing the terms will become harder.

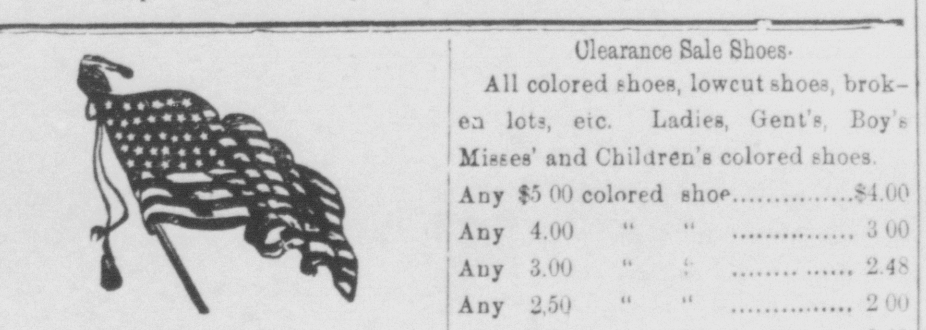

The President desires the question of  
the future government of the Philip-  
pines left open because, of a lack of late  
news from Admiral Dewey as to the sit-  
uation of Manila, our relations with the  
insurgents, and our obligations, if any to  
them.  
It is believed Spain would readily  
agree to all the demands proposed, ex-  
cept as to leaving open this question of  
the future government of the Philip-  
pines. Spanish pride or Spanish ob-  
stinance may stick at that, but the point  
will be insisted upon.

An old mare recently died in Spencer  
county, and in her younger days she  
had been afflicted with "Sweeney." To  
cure the disease her shoulders had been  
split and a piece of silver money insert-  
ed. The places healed and the cure  
proved effectual. When the animal  
died the coin was removed and used  
in defraying her burial ex-  
penses.

## LESSONS ON LIVING.

What is Taught by Graves Filled With Victims of Kidney Troubles.

Scientific Research has Revealed a New Remedy, and its Trials by the Public has Proven its Value.

Prevention is better than cure—and sometimes if prevention is neglected there is no cure possible. Careless people get in the grip of frightful diseases that will drag them down through days and nights of pain, to the grave because they neglect the common symptoms that indicate the danger of Bright's disease. Modern ways of living, especially in eating and drinking, have made kidney troubles very common, and the increase in death from this cause has led to the keenest kind of research by scientists to discover what remedy nature has provided.

After a thorough trial, thousands of cures have proven that the discovery of Morrow's Kidney Pills is a new epoch in the treatment of troubles due to derangement of the kidneys. They are unlike any other remedy in the world. Unlike many of the so-called kidney cures, Morrow's Kidney Pills act once, so that a long course of treatment is not needed. This feature of the new remedy is well illustrated by the case of W. H. Meyers, a well-known resident of Springfield, Ohio, living at 411 W. 10th Street. Mr. Meyers says: "For a long time I suffered with kidney and urinary troubles. I had such a severe backache, and such burning sensation when passing urine that I became alarmed. Nothing gave relief till I tried Morrow's Kidney Pills, and I have had no return of the trouble. Morrow's Kidney Pills are surely a wonderful kidney remedy, and I advise all who are afflicted with such troubles to use them and be quickly cured."

The lesson that is taught by the graves recently filled with victims of kidney complaints is this: Don't neglect a backache, don't neglect headaches, excitability of temper or nervousness. They are signs of disordered kidneys which, if neglected, may lead to deadly disease. Obey the voice of Morrow's Kidney Pills, and you will find wonders in improving the tone of your health.

You can get Morrow's Kidney Pills from all dealers in drugs, or \$2.50 for six boxes. Sent postpaid by the John Morrow & Co., Chemists, Springfield, Ohio, upon receipt of price.

### General Miles' Campaign.

General Miles, campaign thus far in Porto Rico is a gratifying success. Not only is the opposition he has insignificant but the people seem to be almost as much pleased with prospects of being part of the United States as in Hawaii.

The distance from Ponce to San Juan is about eighty miles. As good roads connect the cities the march of the latter cannot take more than a week, unless greater opposition should be encountered than has thus far been met. It is probable, however, that the invaders will meet with greater resistance as San Juan is approached. It is there that the Spanish army will be concentrated, but it cannot long resist the rapidly increasing army of General Miles unless it shall display a more soldierly spirit than it has elsewhere.

The proclamation issued by General Miles is doubtless a part of the policy of the administration. In addition to promising good administration to the people, it is notice to Spain and the nations that the United States has taken Porto Rico as its own.—Journal.

## A Shattered Nervous System.

FINALLY HEART TROUBLE.  
Restored to Health by Dr. Miles' Nervine

MR. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Briceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

When the Question Will Be Settled.

One Point Decided Is That Spanish Authority Must Cease In the Caribbean and Indian Waters—General Miles Reports the Capture of the City of Ponce, One Hundred and Sixtieth Indiana Due at Newport News Today—Moore Troops Sent to the Philippines—Porto Rican Army Will Soon Have Telegraphic Communications With the War Department—General Woods at Santiago de Cuba.

Washington, July 30.—Nearly five hours earnest discussion by the president and his constitutional advisers yesterday of the nature of the response to be made by the government to the Spanish overture for peace, brought no conclusion and the subject necessarily was postponed for further consideration at another meeting of the cabinet to be held today. Such was the formal statement of the situation made at the conclusion of the day's work by each member of the cabinet who was questioned upon the subject. The point under discussion during the greater part of the meeting was the disposition of the Philippines. On the other issues unanimity developed. There was to be independence demanded for Cuba, Porto Rico was to be ceded to the United States, coaling stations were to be acquired at Guam in the Ladrone islands and one in the Caroline islands. These propositions were disposed of quickly, but when it came to the Philippines some diversity of opinion was revealed. As near as can be gathered this did not relate mainly to the retention of the islands, on that proposition a majority of the cabinet was speedily recorded in the negative. But accepting the broad proposition that Spain was to be allowed to keep these possessions, other questions of importance developed and it was felt that these must be answered definitely before the subject could be disposed of.

The perplexing problem was what form of government should be instituted in the Philippines, and what should be the nature of the guarantee required of Spain that the new government should be liberal and autonomous in character. These two questions hinged on the primary decision to interfere at all in prescribing a change in

the conditions in the Philippines. Some members of the cabinet felt that the insurgents under Aguinaldo, having acted independently of the United States from the very beginning of the insurrectionary movement and having lately shown a disposition to make trouble for us, had no moral claim upon the United States in the settlement of the terms of peace. On the other hand it was urged that our government should lose no opportunity to extend its principles throughout the world and that this would be done best in the present case by requiring Spain to extend genuine autonomy to the Philippines. It was upon just such points as this that the discussion proceeded all day.

Points Settled. A point which was quickly established was that there should be no reference of any phase of the question of the disposition of the islands to any concert or individual action by outside powers. Another point that was settled, though there was no formal action in it, was that no protest against the continuance of military or naval operations pending the peace negotiations would avail in the slightest, that there would be no armistice, no suspension of operations nor any modification whatever of present plans, until the Spanish government had agreed to the terms proposed. Incident to the cession of Porto Rico and the recognition of Cuban independence by Spain was the decision that every vestige of Spanish government and authority in the Caribbean and West Indian waters must be removed, effecting a material acquisition of numerous islands over which the Spanish flag flies, one of the most important of which is the Isle of Pines.

Furthermore, this sweeping change of authority from Spain to the United States in our near by waters is to be effective also as a unit claim of all indebtedness assumed by the Spanish government and charged by her to those islands, so far as the United States is concerned, and all commercial treaties now existing between the Spanish government and her possessions there and outside powers are extinguished.

## OFFICERS' PATROL

Action Taken By General Wood at Santiago de Cuba.

Santiago de Cuba, July 30.—General Wood, the military governor issued an order establishing an officer's patrol for the city. The first detail will make the rounds at 6 o'clock in the evening and the next at 10.

Any officer found in the city without a written permit from General Wood will be requested to report to headquarters. If he refuses, the patrol is to take him there forcibly.

General Wood, it is understood, has taken this precautionary measure owing to the fact that a Spanish cavalry officer made himself very objectionable at a club here, insulting, while in liquor, several American officers.

None of the Americans paid any attention to him, but later the Spaniard got into trouble with some American soldiers on duty and was locked up in the guard house for 48 hours. General Wood will report the case to General Toral, saying that he does so because he would wish a report made to him by General Toral if any American officer were guilty of similar offense.

## ANXIOUSLY WAITING.

Troops in Camp Thomas Still Hoping to Meet the Enemy.

Chickamauga, July 30.—The regiments at Camp Thomas are anxiously waiting to know which of them are next to be favored with orders to proceed to the front. There is still hope that the First corps will go out in its entirety, but this is mixed with serious doubts in the minds of the volunteers who seem to think that peace will come too soon to be to their liking. There is not a command here that is not anxious to see actual service and those who have visited the regiments daily can fully appreciate the disappointment that would prevail should hostilities cease, leaving the soldiers here to be sent home without having gone to meet the enemy.

The coming week will witness the return of the government paymasters to Camp Thomas. Major Almy, adjutant general on the staff of General Wood, said last evening that the work of paying the troops for the month of July would be in progress within a week or 10 days. The money to be paid out will aggregate something over \$1,000,000.

## MILES HEARD FROM.

Notifies the Department of the Capture of Ponce, Porto Rico.

Washington, July 30.—The most important news received at the war department yesterday was the cable from General Miles announcing the excellent progress being made in southern Porto Rico and the capture of Ponce. The navy department also received a cable announcing that the navy had captured the city of Ponce and landed the forces under General Miles. Both departments are very much satisfied with what has been accomplished and the tone of both dispatches indicates that the rivalry between the army and navy for honors in the Spanish war is not at an end.

The department expects an easy conquest of Porto Rico, and notwithstanding the overtures for peace made by Spain the war will be prosecuted vigorously in that island.

## THE ST. PAUL SAILS.

One Hundred and Sixtieth Indiana Expected at Newport News Today.

Newport News, Va., July 30.—The auxiliary cruiser St. Paul, the last of the transports of the first Porto Rican expedition from this point, did not get away until yesterday, having been detained in order to receive her full supply of stores.

San Francisco, July 30.—The Third battalion, First South Dakota volunteers and the Minnesota and Colorado recruits sailed yesterday to join their comrades in the Philippines. A fleet of tugs, steamers and launches gathered about the St. Paul and acted as an escort and on shore the wharves were lined with people who waved farewell to the departing troops.

## Ban of the Turf Congress Removed.

Louisville, July 30.—The ban of the turf congress placed upon E. T. McConnell in 1896 was removed yesterday by the decision of Messrs. Rees and Price, the Oakley judges, who held that McConnell had suffered enough for his connection with a bad race by the mare Linnet in that year.

## MRS. MAYBRICK.

Her Case Called to Attention of the Government in Parliament.

London, July 30.—In the house of commons yesterday during the debate on the home office vote Mr. Michael Davitt, member for South Mayo, broached the question of the imprisonment of Mrs. Florence Maybrick and represented that she was in ill health.

Mr. Davitt said in the course of his remarks, that to "release this American woman would be a small step in the direction of establishing good feeling between England and the United States."

Sir Mathew White Ridley, home secretary, replied that he thought the reports of ill health were exaggerated, but he promised to make inquiries.

## YANKEE SUPERIORITY

In Military Operation Is Recognized by Spanish Government.

## DID NOT ASK AN ARMISTICE

That Would Be Tantamount to Beseeching the Enemy.

## A TALK BY GAMAZO

Peace Negotiations Will Not Be Smooth Nor Expeditions—Signs of Agitation Against Concessions—M. Cambon's Functions—How the Delivery of the Spanish Message Came to Be Delayed In Delivery to the United States Government—Britain's Weekly Press Reviews of the American-Spanish War.

London, July 30.—The Madrid correspondent of The Times says that according to a newspaper statement, Senor Gamazo, the Spanish minister of public instruction and public works said in the course of an interview at Madrid: "Spain has not asked an armistice or even a suspension of hostilities. That would be tantamount to beseeching the enemy not to strike us. We shall never come to that."

"The message to the United States, while recognizing the superiority of the Yankee forces and their military operations, is confined to terms so dignified that when the document is published, no one will be able to say it is humiliating. It asks whether the United States is disposed to make peace but requests neither truces nor armistices." Senor Gamazo added: "If Manila surrenders the capitulation will only apply to the walled town."

It is feared, the correspondent reports, that the peace negotiations will not be very smooth or expeditions. Already there are premonitory signs of agitation against the inevitable concessions, and the correspondent considers it "very doubtful whether all the ministers have the moral courage to accept the responsibility and the face boldly a certain amount of unpopularity."

## M. Cambon's Function.

The same correspondent explains that the function of M. Cambon, the French ambassador at Washington, in Spain's approach to the United States was "merely that of a transmitting agency" and proceeds:

"The message was dispatched from Madrid Thursday night. The delay in its delivery at Washington arose from the fact that when Senor Polo de Bernabe, the Spanish minister to the United States, returned on the breaking off of diplomatic relations and confided the interests of Spain to France and Austria, he left only a single copy of the diplomatic cipher."

"When M. Cambon received the peace message this cipher happened to be in the possession of his Austrian colleague, who was out of town. The idea is current here that but for this delay the Porto Rico expedition might have been indefinitely deferred. This will not, however, stand the test of careful examination."

## BRITAIN'S WEEKLY PRESS.

Views Expressed on Present Conditions of the War.

London, July 30.—The weekly papers credit the United States with a desire to deal generously with Spain. The Saturday Review says: "We are convinced that America will not play the part of shillybush; but, now that she has learned to appreciate the bravery and fighting qualities of the Spaniards, as well as the worthlessness of the Cuban rebels, she will make obvious atonement for the precipitancy with which she entered upon the war by dealing generously with her opponents."

## Republican State Convention.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

## RAILROAD RATES.

Arrangements have been made with all railroads in Indiana for a special rate of one fare for the round trip to Indianapolis from all parts of the state for sale Aug. 2 and 3rd good returning including Aug. 5th.

Republicans are already gathering at Indianapolis for the big convention next week.

PRESIDENT MCKINLEY is proving equal to every duty he is called upon to perform. The people have faith in his wisdom and do not hesitate to so express themselves.

While base ball has been entirely secondary to the war during the season it can do no harm to say that the Indianapolis club is playing mighty good ball and in a fair way to carry off the pennant again this year.

## CASTORIA

The railroads running into Indianapolis give special rates next week on account of the republican state convention.

As to the terms of peace the people of the United States are willing to trust President McKinley and his advisors. The successful management of the war thus far is evidence that it will be brought to a successful termination.

There are yet a few property holders in Seymour who have so far neglected to put their premises in good sanitary condition. Every day's delay at this season of year means more danger to themselves and their neighbors. Therefore they should see to it that their properties are at once put in a clean and healthful condition.

In his speech at Columbus Thursday Congressman Griffith should have given an explanation of his vote on the Hawaiian annexation as there is a difference of opinion about it among his democratic brethren in the Fourth district. Some of them claim it was a republican vote and others say not. Even the Columbus Herald and Democrat, both democratic organs, can not come to an agreement on that vote.

## RAILROAD RUMBLINGS

Bushrod Taylor, Superintendent of the Louisville division of the Pennsylvania lines, claims that, after deducting stops, running slow over the bridge and through Jeffersonville, Train 5, from Louisville to Indianapolis, is the fastest train running on any Indiana road.

## Teachers' Institute.

Jackson County Teachers' Institute will be held at Brownstown next week. Prof. E. B. Bryan, one of the very best institute instructors in the state, will do work that no teacher in the county can afford to miss. There are no better institute workers than Prof. Ryan.

## Care Should be Exercised.

The secretary of the state board of health says that physicians' reports show a prevalence of cholera infantum, diarrhoea, dysentery, etc., in this part of the state. He makes some recommendations that all the people might be profited by knowing. Much of the sickness prevalent at this season of the year is preventable if only the proper precautions are taken. People are too often careless with themselves and their children and frequently show a careless disposition about the conditions surrounding them.

Mrs. John A. Ross came home from Vernon.

Mrs. D. M. Farway of Marion went to Honeytown to see friends.

Misses Grace and Joy Brown went today to Columbus to visit their grandpa, Horace Brown.

## TERMS OF PEACE.

## MUST RELINQUISH CLAIMS TO WESTERN HEMISPHERE POSSESSIONS.

Other Concessions That Spain is  
Asked to Make.—The Philip-  
pines the Difficult Prob-  
lem.—Other Condi-  
tions Agreed  
Upon.

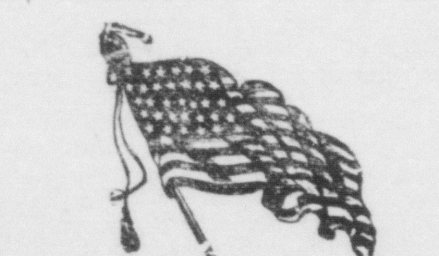

Spain will have the answer of the  
United States to-day. The Cabinet  
meets again this morning to give fur-  
ther consideration to a few points, but  
the important features have been agreed  
upon, and the reply to Spain's com-  
munications will be handed to the  
French Ambassador to-day.

The only question that gave trouble  
to the President and his advisers was  
as to the Philippines. The concession  
reached is that Spain may keep the  
islands, but must cede to the United  
States a coaling station and probably a  
port, and must agree to leave the ques-  
tion of the further government open for  
further negotiations. As for the other  
terms—Cuba and Porto Rico must be  
given up and also Guam island in the  
Ladrones, and perhaps a coaling sta-  
tion in the Canaries.

Spain must also give up all smaller  
islands in the West Indies, such as the  
Isle of Pines, near Cuba.

If Spain agrees to these terms, an arm-  
istice will be declared while a treaty  
of peace is perfected. Until she does  
agree to them, the military operations  
of the United States will be pushed  
with vigor, and if Spain is too long  
agreeing the terms will become harder.

The President desires the question of  
the future government of the Philip-  
pines left open, because of a lack of late  
news from Admiral Dewey as to the sit-  
uation of Manila, our relations with the  
insurgents, and our obligations, if any to  
them.

It is believed Spain would readily  
agree to all the demands proposed, ex-  
cept as to leaving open this question of  
the future government of the Philip-  
pines. Spanish pride or Spanish ob-  
stinacy may stick at that, but the point  
will be insisted upon.

Gen. Miles' progress in Porto Rico has  
so far been something of a triumphal  
march. Beyond a slight skirmish on  
landing and another on Tuesday he  
has met with absolutely no resistance.  
On the contrary, the Porto Ricans have  
welcomed him with open arms. With-  
out the loss of a man the Americans  
have taken two ports of the city of  
Ponce.

The harbor at Ponce is well suited  
for landing troops, and the rest of the  
reinforcements will be landed there.  
Many lighters were captured in the  
harbor, which simplified the work of  
landing troops.
